The American Art-Union.

In the City of New York, was incorporated by the Legislature of New York for the promotion of

The Fine Arts in the United States. It is managed by gentlemen, who are chosen annually, by the members, and receive no compensation.

To accomplish a truly national object, uniting great public good with private gratification at small individual expense, in a manner best suited to the situation and institutions of our country, and the wants, habits and tastes of our people, the Committee have adopted the following PLAN.

Every subscriber of five dollars is a member of the Art Union for the year, and is entitled to all its privileges.

The money thus obtained, (after paying necessary expenses) is applied,

First.—To the production of a large and costly Original Engraving from an American painting, of which the plate and copyright belong to the Institution, and are used solely for its benefit.

Of this engraving every member receives a copy for every five dollars paid by him.

Members entitled to duplicates are at liberty to select from the engravings of previous years.

Whenever the funds justify it, an extra engraving or work of Art is also furnished to every member.

Every member also receives a full Annual Report of the proceedings, &c., of the Institution.

Second.—To the purchase of paintings and sculpture, by native or resident artists. These are publicly exhibited at the Gallery of the Art-Union till the annual meeting in December, when they are publicly distributed by lot among the members, each member having one share for every five dollars paid by him.

The business of the Institution, out of the city of New York, is transacted by Honorary Secretaries, who receive and remit subscriptions, and deliver to members in their vicinity the Reports, Engravings, and works of Art. They are forwarded at the expense of the Institution.

The income of the Art-Union the last year was \$32,285 dollars, and one hundred and forty-six paintings, varying in price from \$15 to \$500, were distributed by lot among its members, and each member also received a copy of a large line engraving, "Sir Walter Raleigh parting with his wife on the morning of his execution."

The committee have already in progress, for the members of this year, two large engravings, the "Jolly Flat-boatmen," to be engraved by Doney, after the picture by Bingham, and the "Sphinx," to be engraved by Cassier after the picture by Huntington, of both of which, every member will receive a copy.

The annual meeting and distribution will take place this year on the 24th day of December.

It is very desirable that the dues of the members should be paid early in the year, that the Committee may make their purchases at the best advantage.

Subscription and payment may be made to the subscriber, Honorary Secretary for Newport and its vicinity.

BY NOVICE.

War-spirit, War-spirit, go to thy home.

L. H. Sigourney.

Yes, there she stood, a being fair, And that scene of carnage rude; She wept, for none were living there To cheer her heart's deep solitude.

Alone beside the ruined wall, When erst the banquet board was spread; Hushed was the lute and harp—the pall— Now canopyed the noble dead.

Those kindred hearts that slumbered there, Had watched her childhood's happy years, Nor deemed that that a flower so fair Should sorrow thus with bitter tears.

Oh war! thy horrors who can paint, When fell ambition hath its way, Imagination's hues are faint To show the sorrows of that day.

Thou laurel wreaths thy brow may bind, For thee a victor's fame to show; Yet deep within thy spirit's shrine The baser passions fiercely glow.

Away! this earth is not thy home, These bowers with beauty's gleaming bright;— Back to thy place, where demons roam, Amid those scenes of rayless night

Go, where the fallen Angels weep, Where hope's blest ray can never come; And there forever may'st thou sleep,— This is thy only, final home!

When time shall end thy dark career, No requiem note shall sound for thee! Earth shall not shed a sorrowing tear, When thy dread power shall cease to be!

Oh! for the time when o'er the world The cannon's voice shall cease to roar,— When Peace, her banner widely unfurled, Nations shall learn thy art no more.

Portsmouth May 12, 1847.

Last Struggle and Death of Marshal Poniatowski.

The allies brought to the encounter at Leipsic nearly three hundred thousand men, and thirteen hundred cannon, while Buonaparte had but one hundred and twenty-five thousand men, and seven hundred and fifty cannon. The latter were drawn up around Leipsic, with the city and river Elster lying in the rear, awaiting the onset of the immense host that was moving to the attack. At nine o'clock the battle opened, and nearly half a million of men engaged in mortal combat. The scene at this moment was indescribably awful—the whole plain was black with the moving masses, save where the myriads of glittering helmets arose and fell in the sunlight, while thirteen hundred cannon in one huge semicircle opened their united thunder on the French. Clouds of dust filled the air, and amid the roar of artillery, the strains of martial music, the shrill neighing of tens of thousands of horses moving to battle, and all the deafening clamor and solemn murmurs of a mighty army, the shock came.— Nearly two thousand cannon opened with terrific explosions on the living masses, and the frightful carnage began. Poniatowski on the right was first engaged. Made Marshal of France the day before, by the Emperor, he burned to distinguish himself, and though at first forced back by the heavy charge, he firmly held his position against the united onset of the artillery, cavalry and infantry, that from morning till night thundered in overwhelming numbers and power on his diminished troops. A wilder day this earth never saw—when darkness separated the combatants, both armies sunk down exhausted, and silence solemn and awful, fell over the bloody field.

Napoleon was beaten, and soon gave orders to retreat. All night long the weary thousands went pouring over the bridge, and when day-light dawned the allies beheld with joy the retreating masses of the enemy. A general movement on Leipsic immediately followed, and the victorious columns went rushing with shouts to the attack. All was uproar and confusion. Artillery, infantry, and cavalry, ammunition and baggage wagons, and chariots, were crowded and rolled together, and went streaming over the only remaining bridge.

A rear guard under Macdonald, Lauriston and Poniatowski, was formed to cover this disorderly retreat. As Napoleon gave his directions to each, he said to Poniatowski, "Prince, you will defend the suburbs of the south."

"Sire," he replied, "I have but few followers left." (He had but two thousand

seven hundred left out of all the brave Poles he led two days before into battle.)

"What then," added Napoleon, "you will defend it with what you have?"

"Ah, sire," replied the exhausted, but still unconquered chief, "we are all ready to die for your majesty."

I have already spoke in my sketch of Macdonald, of the defence those two leaders made; and of the consternation and what followed the premature blowing up of the bridge. Poniatowski suggested bravely to arrest the victorious allies, until he heard the explosion that sent it into the air; and then he drew his sword, saying to the officers around him, "Gentlemen, it now behooves us to die with honor." With this little band around him he dashed on a column of the enemy that crossed his path, and though severely wounded, fought his way through to Pleiso, a small stream he must cross before he reached the Elster. Dis-mounting from his horse, he passed it on foot, but finding he was fainting through fatigue and loss of blood, he attempted to mount another. With difficulty vaulting to the saddle, he surged boldly into the Elster. His good steed bore him safely across, but as he was struggling up the opposite bank the earth gave way under his feet, and he fell back on his rider, and Poniatowski disappeared in the water and never rose again. Weary, wounded and bleeding, this last calamity was too much for his strength—and he done as he said, "died with honor."

The allies celebrated his funeral with great magnificence, and those kings who had driven his family from the throne, burned his capital in ashes, plundered and divided his country, as it were common booty.

Countless banners dropped mournfully over the fallen chief—mighty armies formed his funeral procession, and eulogic strains from a thousand trumpets were breathed over his grave. But amid all this imposing mockery of woe, the noble hearted Polo was not without some sincere mourners.

His few remaining followers, who had battled by his side to the last, pressed in silence around his coffin, and with tears streaming down their faces, reached out their hands to touch the pall. There lay the Prince they had loved—the leader they had followed—the last of the royal line, and the only hope of Poland—cold and stiff in death.

Ah, the tears of those rough warriors were worth more than all the pomp and magnificence imperial pride had gathered round that bier, and honored the patriot for whom they shed more than royal eulogies or splendid pageants.

TO THE BEAUTIFIERS OF THE COMPLEXION.

SURPRISING EFFICACY. My Eau Divine, Sole Venus and Nymph Soap, composed of an eastern botanical discovery of surprising efficacy for rendering the skin soft and fair, as well as imparting a delicate rosy hue to the complexion.

As a creator and conservator of that most distinguishing charm of female loveliness, a transparent fair skin, Jules Haue's Nymph Soap, or Eau Divine de Venus, may be said to exert an almost magical influence. Composed for the most part of oriental balsamic plants, to the utter exclusion of all mineral admixture, it is distinguished medically, for its extremely bland, purifying and soothing action on the skin; and by acting on the pores and minute secretory vessels, expels all impurities from the surface, allays every tendency to inflammation, and by this method alone, effectually dissipates all redness, tan, pimples, freckles, sunburn, and other unsightly cutaneous visitations, so inimical to female loveliness. Its use will change a most bilious complexion into one of radiant whiteness; while on the neck, hands, and arms, it bestows a delicacy and fairness which its continued use will happily protect, with every appearance of youthful charm to the most advanced period of life.

WEDNESDAY, JUNE 16, 1847.

BY O. F. JACKSON, 97 THAMES-ST.

UNITED STATES CIRCUIT COURT.—The June term of this Court, Mr. Justice Woodbury, presiding, commenced in this Town yesterday. The Court was opened at 2 1-2 o'clock, P. M., the usual proclamations having been made, and the Grand Jury empanelled. Prayer was made by the Rev. Mr. Watson, when the learned Judge delivered his charge to the Grand Jury, a great part of which was devoted to a consideration of the benefits of the Post Office Department, and the necessity of sustaining it, and punishing offences against it. The two Petit Juries were then empanelled, and the Docket called, in order to ascertain what cases were in a situation for trial.

Quite a number of cases were continued by agreement. There seemed to be but few in which trials were contemplated at the present term; there being on the Docket, in all, but forty-nine cases.

A jury trial was assigned for this morning, and the Court took up the hearing of a question which had been partly argued to the Court at their last term.

THE STEAMER OREGON, which left Stonington on Monday evening for New York, after proceeding a short distance, had her guard stove by a wave, and put back to Stonington, and her passengers returned to Providence, where they remained till last night. The Oregon was to have left Stonington at 4 o'clock yesterday morning, but her passengers refused to go on in her, not considering her safe, it being very rough. The Massachusetts and Bay State made their regular trips without any trouble, notwithstanding they have to go around Point Judith, about which such a hue-and-cry is made by the Stonington line.

SMALL POTATOES.—Yesterday we copied an article from the Bristol Phoenix, purporting to be an account of the treatment of an individual confined in the jail in that town, who had been so far neglected as to become entirely helpless, and "without a stitch of clothes to cover his nakedness," and the Phoenix adds, that "with proper care and attention he may shortly be blessed with the power of speech, and if his memory should be perfect, he will probably unfold a tale such as the world never heard."

We were informed yesterday, by a gentleman from Bristol, that this story is a gross fabrication, without the least shadow of truth, and that the Editor of the Phoenix had called down not a few curses upon his head for perpetrating such a yarn, at the expense of a respectable private family. The fact is, as we are informed, the jailor's wife has given birth to a boy, and this story is manufactured from the circumstance.

"A little nonsense, now and then, is relished by the wisest men."—But if such nonsense cannot be relished, except at the expense of private citizens, and without staking the reputation of a town, we think discretion dictates that it should be let alone.

DIFFICULTIES WITH BRAZIL.—The Washington correspondent of the Journal of Commerce writes on the 6th:—This government appears to be on the eve of some difficulty with Brazil. Governments acting upon rash counsels can easily involve nations in war. I have seen and heard enough to convince me that the present administration is assuming a tone of insolence and menace towards the government of Brazil, that will, of course, lead to a rupture; to the prevention of commercial intercourse, and in due course of time to war.

JACKSON MONUMENT.—The Jackson Monument Committee held a meeting at Washington on Thursday last. It was decided that the foundation of the monument shall consist of one solid block of rough stone, estimated to weigh at least one thousand tons! The design of the statue, which is to be of bronze, is after the model of that of Peter the Great. Congress will be applied to for the old cannon taken during the present war to be thereto appropriated.

PAYING THEM OFF.—Between \$300,000 and \$300,000 were paid to volunteers at New Orleans during the latter part of May. There are still thirteen regiments belonging to Gen. Taylor's Army to be paid off.

A most beautiful and touching piece of Poetry, on the bombardment of Vera Cruz, will be found on the outside of our paper of to-day. We are indebted to Novice for several Poetical productions of her pen which have appeared in the News from time to time, and we should be happy to hear from her as often as she feels the spirit of poetry stealing over her.

FROM CAPE VERDE ISLANDS.—Mr. Joseph J. Rider, of brig Fawn, arrived yesterday from Cape Verde Islands, has obligingly furnished us with several items of interest. Ferdinand Gardiner, Esq., for many years the able and efficient U. S. consul, died at Port Praya, May, 6 of the country fever. His last request, to be interred in the American burying ground, was refused, his family being Roman Catholics—consequently he was buried in the Catholic cemetery. Commodore Read found it necessary to appoint an agent in his place, and selected a very capable Portuguese, formerly the British and now the French agent, named William Peixoto, to act until the government appointment is made.

There was a volcanic eruption about the 1st of April, on the island of Fogo, (of the Cape Verde group) which continued ten or fifteen days, throwing out showers of earth and stones to a great height, and emitting huge streams of lava, which, running down the mountain, destroyed many houses and plantations, and caused some loss of life. Vegetation and many goats and cattle were destroyed by the heat of the earth, the showers of stones and lava. The shock was distinctly felt on the neighboring islands, and caused much alarm at Port Praya, where the vibrations were very violent and almost unceasing for seven or eight days. The crater of Fogo is 12,000 feet above the sea and eruptions occur once in twenty or thirty years. —Salem Register.

NAVAL.—At Port Praya, May 16, U. S. frigate United States, Capt. Joseph Smith, bearing the flag of Commodore George C. Reed, to sail in a few days on a cruise, all well. A subscription, amounting to seven hundred dollars, had been taken on board, for the poor of Ireland. Also, U. S. brig Boxer, Lieut. Commanding Bell, from Monrovia, to sail in a few days to the leeward coast. At Monrovia, April 23, U. S. sloop of war Marion, bound to Port Praya in two or three days.

U. S. brig Porpoise sailed from Vera Cruz on the 25th ult., for New Orleans, where she arrived on the 4th. She is to undergo some repairs.

THE ST. LOUIS REPUBLICAN says that the War Department has called upon the Governor of Illinois for an additional regiment of volunteer infantry, and one company of mounted men. This makes the sixth regiment drawn from this State.

SHIPWRECK AND LOSS OF LIFE.—A Liverpool brig reports the loss of the Spanish ship Rollo, from Havannah, on the 21st ult., by running foul of an iceberg. The ship filled and sunk, and of 68 souls on board, 34 only were saved by taken to the boats. The rest went down with the ship.

VESSELS WANTED.—We are informed that there is a great scarcity of small vessels east, to take freights coastwise, and that on the St. Croix river there are about 100 cargoes ready for shipment. Vessels are also wanted for the West India trade and freights of latter \$10 a \$12 per M.

Gen. Hugh A. Haralson, of Georgia, was chosen president of the board of visitors of West Point military academy, and Gen. H. K. Oliver, of Mass., secretary.

Baron Stanislas Klieki, a Polish Lieutenant General, who served with great distinction under Napoleon, died at Rome last month aged 68.

William H. Stepter, 17 years old, was hanged in Greensburg, Ky., June 5, for the murder of his mother. Of 5000 spectators one half were women. The boy confessed the deed, upon suspicion of which his father was first arrested. No motive is assigned.

According to the N. O. Delta of the 4th, preparations for the reception of the 1st Mississippi Regiment were being made in that city. The reception was to be a grand civic and a military one. A splendid collation was to be offered to these gallant soldiers at the Place d'Armes, and S. S. Prentice, Esq., had been requested to address them.

The whole amount of the annual products of the United States is about one thousand millions of dollars.

We are happy to announce that we once more get our New York Mail in the morning. This morning it was brought by the Bay State, which arrived here a few moments before 4 o'clock.

LATER FROM MEXICO.—The steamer New Orleans has arrived at New Orleans from Vera Cruz. Gen. Twigg had arrived at Puebla. Gen. Scott was expected to reach the city of Mexico on the 15th.

Santa Anna's resignation of the Presidency was not accepted.

Later dates from Gen. Taylor's army bring nothing important.

The Massachusetts regiment had started for Monterey.

REINFORCEMENTS FOR THE ARMY UNDER MAJOR GEN. SCOTT.—It is calculated that nearly 7000 regulars, old and new regiments, will soon reinforce the main army via Vera Cruz—of which between 2 and 3000 doubtless have arrived at Vera Cruz in all April and May; and, of the residue, a large proportion will reach that place, it is supposed, by the middle of June.

SHIPWRECKS AND GREAT LOSS OF LIFE. The correspondent of the Montreal Herald gives some particulars of the loss of three emigrant ships, bound for Quebec from England and Ireland, and that several hundred human beings had found a watery grave.

QUEBEC, June 7. "We learn from Wm. Stevenson, Esq., who arrived here this morning from Halifax, that the *Miracle*, from Liverpool to Quebec, with passengers, was lost on the Minglen Islands about the 26th ult., and that sixty of her passengers were drowned in landing, and that the remainder had arrived at Pictou in a sickly and destitute state; and that the *Zenobia*, with 179 passengers for Quebec, was wrecked at Manadieu, on or about the 26th ult. Also a vessel from Sunderland, with coal and goods, (name not known), was wrecked on Sentier Island about the same time."

This morning, Messrs. Pemberton received the following letter from Capt. R. Thompson, master of the brig Carrieks, of Whitehaven, from Sligo to Quebec with passengers:

CAPE ROSIER, May 19.—I am sorry to inform you, that the brig Carrieks was wrecked about four miles eastward of this place, and shocking to relate, out of 167 passengers, only 43 reached the shore—the crew, except one boy, were all saved. Little will be saved.

The Eastern Chronicle thus speaks of the unfortunate settlers shipwrecked in the *Miracle*: "The emigrants, without exception, were in the most deplorable condition; such as were comparatively well were afflicted with swelled limbs and mortified toes, and they drew the most horrifying pictures of their sufferings, during the night on which the ship struck; upward of sixty perished from exposure to cold and wet and from sickness, and about twenty more died on the island; 234 were shipped for Pictou, two of those died on the passage, and within the short space of three days thirty more have died."

The President will not visit New York this month, if he does this summer, the True Sun says.

FINANCES OF THE UNITED STATES.—The monthly statement of the Secretary of the Treasury shows that on the 24th of May there were \$6,433,414 14 on deposit in the various Government Depositories. Drafts due but unpaid before that day amounting to \$2,543,591 08, leave a balance of \$3,889,823 06, subject to the draft of the Secretary all of which was in the hands of the sub-treasurers.

TURKS.—Twenty young Turks have recently arrived in England, to be educated at the expense of the Turkish government.

The value of produce which has been carried by water through the Erie canal this season, is put down by the Albany Argus, at seven and a half millions of dollars.

Lieut. George H. Derby attached to General Scott's division of the army in Mexico, and wounded in one of the actions there, arrived in Boston still suffering under the effect of his wound, which is not yet closed.

The Indians in some parts of the interior, under the melancholy destiny to which the race seems doomed, are suffering from various fatal epidemics, that are rapidly reducing their numbers. Among the Cherokees, very extensive sickness prevails; and the small pox is raging with great severity among the Chippewas near Fort Winnebago.

Office hours for consultations for the treatment of DISEASES BY MAGNETISM, AND HYDROPATHY, from 12 o'clock to 2 o'clock p. m., at Union Hall, rear of the Universalist Church, Westminster st. At PROFESSOR DE BONNEVILLE'S, at 8 o'clock a. m. June 16, 3 m.

Oh, what glorious silky, jet black hair That man and lady have! 'Tis indeed rare To see such soft, clear hair; yet, as I live! 'Twas a bottle of JONES' HAIR RESTORATIVE.

Gave them those beautiful tresses. Before they used it, Like other silly folks, they abused it; And, though their hair was once gray, harsh and dry, One FIFTY CENT bottle they used, and thus they defied The world to show lovelier hair. Then, who with had will live, And not use JONES' HAIR RESTORATIVE?

Honestly and truly, there never was as good, or half as good, an article made to force the hair to grow dark, stop falling off, cure the scurf or dandruff, and make red or gray hair dark; it dresses the hair beautifully, and keeps it moist, soft, and silky, three times as long as any other article made.

Bath, Maine, May 28.

Mr. F. Brown—Dear Sir:—Having tested the value of your Sarsaparilla and Tomato Bitters, I take pleasure in giving to you the facts of my case for your own satisfaction and benefit of others. I have been suffering with the Erysipelas, humor in my side, causing my hand and arm to swell very much, and to be painful, at the same time and for some time previous have been troubled with a weak stomach; most of my food has hurt me, and there has been a singular faintness at the stomach, which has been increasing, and caused me much difficulty. After I commenced taking your Bitters I could perceive a gradual and immediate relief, and would recommend it with much confidence to those who are troubled with such complaints. Yours truly,

WM. DAMRELL.

Persons wishing good Daguerreotypes Miniatures, would do well to call soon at Manchester's rooms, at the head of the Beach road, as his stay in this place will be quite limited, owing to unforeseen circumstances. See advertisement in another column.

Dr. Banning's Patent Dandy Lotion, For Weakness of the Body.

The following letter is submitted to a discerning public, and the proprietor is enabled to refer to many individuals—whose testimony will satisfy the most incredulous. Be particular and get Banning's Lotion, and be put off with nothing else.

WARRICK, August 22, 1846.

Dr. Boardman.—Dear Sir:—Now being about leaving for home, I am able to give thus far a favorable account of the face which I have worn only four days. For more than four years I have suffered greatly from dyspepsia, that scourge of our race. My food has always been so troublesome that my stomach would reject it almost every day—my bowels always constipated—my head always feeling heavy and unpleasant, and my spirits greatly depressed. I was unlit for any regular business, and till I saw you, I had given up the hope of ever being better. I had consulted many physicians in and Boston, those the most celebrated, and spent nearly all the money I could earn, upon them and medicines. Since I have worn the Lotion all these symptoms have in a great degree vanished, and now, it seems to me, I shall be well again. I find my body regaining its erect position—the splitting up my food is pretty much over, my spirits and energy are returning, and I feel like a new man.

DR. WISTAR'S BALM OF WILD CHERRY.—This is a chemical extract of Wild Cherry and Tar. Everybody knows that Wild Cherry possesses important medicinal properties; and Tar Water has always been administered in Consumption, and Lung affections generally, by our oldest and safest physicians.

Various remedies, it is true, have been offered and pulled into notice for the cure of diseases of the lungs, and some have been found no doubt very useful, but of all that have yet been discovered, it is admitted by physicians, and all who have witnessed its effects, that none have proved as successful as this. For Asthma, Shortness of Breath, and similar affections, it may be pronounced a positive cure. It has cured Asthma in many cases of ten and twenty years standing, after physicians had declared the case beyond the reach of medicine.

This Balm is made from materials which Nature has placed in all northern latitudes, as an antidote for diseases caused by cold climates.

"Nature is but the name for an effect Whose cause is God."

Let us not neglect her plainest dictates. None genuine, unless signed I. BUTTS on the wrapper. For sale by R. J. TAYLOR.

Rev. R. Hubbard's Vegetable Anti-Bilious Family Pills.—Ask for the Rev. R. Hubbard's Vegetable Pills, and be careful that a spurious article is not imposed upon you, under the name of Hubbard's Pills.

No agent is authorized to sell less than a sealed package or box of 12 1-2 cents, or 50 cents. Full directions go with each size. These truly invaluable Pills are recommended as being without an equal in all Fevers, Bilious attacks, derangement of the Liver or Bile, Stomach, Lungs, or Bowels, and give relief as sure as taken. The more violent the attack, the more promptly do they act in allaying it. They have also proved the most prominent and certain cure for the promitory symptoms of the Asiatic Cholera, Cholera Asphyxia, and no person need fear this disease, having these Pills at hand. Minute doses—as a quarter of a Pill each night—permeated for a few weeks, act as a potent tonic, strengthening the whole system, and curing old chronic and subacute diseases, sick Headache, Dyspepsia, Consumption, &c.

Testimonials from Physicians and others continue to be received at the Principal Office, No. 23 John street, New York, by T. R. Hubbard, Druggist.

Such is the powerful and masterly control which these Pills uniformly exert over disease, whether chronic or acute, that every agent stands ready to receive the empty box, and refund the money—in all cases, where they fail to cure, or come fully up to the recommendation given.

They are expressly intended for family use, and may emphatically be termed the *poor man's blessing*. Price 12 1-2 cents for the small, and 50 cts. for the large sized boxes.

UNITED STATES HOTEL.

On Pearl, Fulton and Water sts., New York, BY H. JOHNSON.

THIS is one of the largest and best kept Hotels in the city of New York. Board \$1.25 per day. Its location is particularly convenient for business men, and Mr. JOHNSON, the popular and gentlemanly landlord, makes the comfort of his guests a constant study. May 3

Wistar's Balsam of Wild Cherry, the great remedy for consumption, and the best known to man for asthma of every stage, liver complaints, bronchitis, influenza, coughs, croup, bleeding at the lungs, shortness of breath, pains and weakness in the side, breast &c., and all other diseases of the Pulmonary organs.

A very important disease over which this Balsam exerts a very powerful influence, is that of a diseased liver. In this complaint it has undoubtedly proved more efficacious than any remedy hitherto employed, and in numerous instances when patients had endured long and severe suffering from the disease, without receiving the least benefit from various remedies, and when Mercury has been resorted to in vain, the use of this Balsam has restored the Liver to a healthy action, and in many instances effected permanent cures, after every known remedy had failed to produce this desired effect.

Besides its astonishing efficacy in the diseases above mentioned, we also find it a very efficient remedy in Asthma, a complaint in which it has been extensively used, with decided success, even in cases of years standing.

It not only emanates from a regular physician, but has also been well tested in all the complaints for which it is recommended. It is not any intention, therefore, either to cloak it in mystery, or in any way deceive the public by overrating its virtues; on the contrary, I shall simply endeavor to give a brief statement of its usefulness, and flatter myself that its superior efficacy will enable me to furnish such proofs of its virtues as will satisfy the most incredulous that Consumption may and can be cured, if this medicine be resorted to in time.

None genuine, unless signed I. BUTTS on the wrapper. For sale by R. J. TAYLOR.

From the Boston Daily Whig, of Feb. 12, 1846.

HYPERION FLUID.—Those who wish for a valuable preparation for the hair, are referred to Mr. Hogle's advertisement in another column. His Hyperion Fluid, it is supposed, will soon supersede most fluids now in use for the hair, as it is of very superior quality.

THE BEAUTIFUL YOUNG LADY OF BROOKLYN AND RADWAY'S CHINESE MEDICATED SOAP.—Last fall we published a letter from a young lady in the city of Brooklyn, who, while on a visit to her friends in New Jersey, had experienced intense pain from the bites of mus quetoos, and great annoyance from the unnatural darkness of her tanned complexion. Her skin had become parched, dry, and unhealthy—covered with pimples, blotches, pustules, freckles, &c., she was recommended by some friends to use, as a toilet emollient,

Radway's Chinese Medicated Soap. A few days' use of this very excellent and superior Soap exceeded the expectation of all; her skin became smooth, soft, pure, sweet, and healthy; her complexion restored to its former prepossessing appearance, all of which owed its restoration to the curative properties and soothing influence of Radway's Chinese Medicated Soap.

This is but one out of thousands of others, who prefer the use of Radway's Soap to all other soaps recommended for the same purposes. We do not pretend that our Soap will restore the complexion of the emaciated victim of consumption to the bright hue of health, as some of our competitors vauntingly claim, and promise to do; but we do pretend to say that Radway's Chinese Medicated Soap stands unrivalled in the productions of Chemists, for the purposes for which it is recommended, and is a superior article to the Euc Divine de Venus and Nymph, (which is introduced to the public by our own matter, which the proprietor of that article has ungenerously copied from one of our Circulars of 1845, without our permission, slightly altering the phraseology of our language to suit his own purpose,) or any other Soap in the market. Now we leave the public to judge for themselves. Do you wish to possess a fair, healthy pure, and sweet skin, free from all spots, blemishes, freckles, pimples, blotches, pustules, ring worms, &c? use the genuine Radway's Chinese Medicated Soap, which is warranted by us to do all that it is recommended. This soap is sold cheaper than any other article of the kind in the market, and for ordinary toilet purposes it will do more service than other Soaps of three times its bulk. Sold for only ONE SHILLING per cake, by R. J. TAYLOR, C. G. C. HAZARD, and B. H. TISDALE, Newport. Country Agents can be supplied by R. J. Taylor.

Ladies are Cautioned

AGAINST using Common Prepared Chalk. They are not aware how frightfully injurious it is to the skin how coarse, how rough, how yellow, and unhealthy the skin appears after using prepared chalk! Besides it is injurious, containing a large quantity of lead!

We have prepared a beautiful vegetable article, which we call JONES' SPANISH LILY WHITE. It is perfectly innocent, being purified of all deleterious qualities; and it imparts to the skin a natural, healthy, alabaster, clear, living white; at the same time acting as a cosmetic on the skin, making it soft and smooth.

Dr. James Anderson, Practical Chemist of Massachusetts, says: "After analyzing Jones' Spanish Lily White, I find it possesses the most beautiful and natural, and at the same time innocent white I ever saw. I certainly can conscientiously recommend its use to all whose skin requires beautifying."

Price 25 cents a box.

A Fine Set of Teeth for 25 cts.

YELLOW and unhealthy teeth, after being once or twice cleansed with JONES' AMBER TOOTH PASTE, have the appearance of the most beautiful ivory, and at the same time, it is so perfectly innocent and exquisitely fine, that its constant daily use is highly advantageous, even to those teeth that are in a good condition, giving them a beautiful polish, and preventing a premature decay. Those already decayed it prevents from becoming worse—it also fastens such as are becoming loose, and by perseverance it will render the loosed teeth delicately white, and nimbly the breath delicately sweet.

Price 25 or 37 cents a box.

Miracle.

ON the 4th of August, in the year 1813, a singular scene occurred in the Royal Scientific Institution of France. The aged, white-headed President, his head bare, his arms outstretched, his face radiant with smiles, (his science was triumphant), and his voice with gratulatory tone, delivered the following report:

"We are astounded at this singular preparation. Where indeed will science stop! Here we have a preparation made in the form of a beautiful piece of soap, which we know by actual practice, to cure every cutaneous eruption, every disfigurement of, and even discolored skin! Where will its magic and singular power cease! The Negro, the Crole, the Yellow Race of the East, and the Red Man of the far West, are alike under the influence of its extraordinary powers of clearing yellow or discolored skin, and making it white and beautiful, and of changing the color of dark, or black, or brown skin." (Here several persons were brought forward by the President, who had used it, in proof of his assertion.)

There are probably few persons of intelligence, who, after reading the above, will doubt the qualities of JONES' ITALIAN CHEMICAL SOAP, in curing Pimples, Blotches, Salt Rheum, Scoury, Erysipelas, Sore Heads, Old Sores, Ulcers, Barber's Itch, Chapped and Tender Flesh, Freckles, Tan, Sunburn, and changing dark sunburn or yellow skin to a pure, clear white, as smooth and soft as an infant's, and in fact every kind of eruption and disfigurement. Read these certificates:

[From the N. O. Sentinel, Oct. 1814.]

One of our subscribers, Mr. L. Leonard, informs us that he has been cured of old, scaly Salt Rheum, of eighteen years standing, on his head, fingers and hands, by a cake of an article much advertised lately—we speak of Jones' Italian Chemical Soap. He also informs us that he has tried its effects on his female slave Rose, much marked with sun spots, and he found in two weeks her skin much clearer and whiter.

James Eltham, a painter in Jersey City, was cured of carbuncles and pimples, which he was afflicted with for many years, by part of a cake of Jones' Italian Chemical Soap.

"Persons in purchasing this must always ask for Jones' Italian Chemical Soap; and perhaps, as many who have been cheated with counterfeits, will be too much discouraged to try the genuine, we say to such, try this once—you will not regret it; but always see that the name of T. JONES is on the wrapper. For sale in Newport by

TO THE LADIES IN PARTICULAR.

MY DEPHATORY POWDER has been

found highly beneficial and of great use to ladies who have been afflicted with superfluous hair, principally when its growth has been confined to the upper lip and side of the face, giving a masculine turn to the whole features. When used with proper care, and according to the directions, it will be found to be a great addition to the toilet, as the use of any sharp instrument is entirely avoided, and the hair is removed in five or ten minutes after its application.

This composition is infallible, and warranted to remove superfluous hair. After numerous trials, I have received certificates of success which cannot be contested. For sale, wholesale and retail, at

LORRAINE'S PILLS.

All persons require Facts.

DR. LORRAINE'S CURATIVE SYSTEM OF MEDICINE is rapidly producing achievements never before known in the cure of diseases. The immensity of its wonderful results, alone demonstrate that its principles must be founded on truth. The relative proportion of Cures by this Medicine is out of all proportion greater, than by any other Medicine known.

THE THEORY is, that one blood beats in the bosom, and flows through the body of every man, and must be pure, it is the Vital Principle that sustains life.

Physicians, and people of every class are willing to come forward and announce, in the most public manner that they have been cured of long standing complaints—after another medicine had failed. In act there can be no doubt but that Lorraine's vegetable Pill is the best medicine ever offered to the public.

See a few public statements of men of truth and virtue.

Lynn, Dec. 17th, 1843.
Sir: I have sold all the pills I last had of you, please send another lot immediately. The sale of Lorraine's vegetable Pills is rapidly on the increase, they are becoming very popular. I sell more and more every day. As a curative medicine and purifier of the blood. I think they stand unrivalled. One fact I have noticed, that no one that has used them finds any fault with them; they have wrought some very great cures. One lady, who has been confined to the house and bed, a great part of the time, for twenty years, is now cured and able to work most of her time, after having taken 3 boxes only of Lorraine's Pills! I might name many other cases where the cures have been as great, but have not time.
Yours respectfully,
J. B. F. MARSH.

Portland, Me., Nov. 7th, 1843.
Sir: Please send us one gross of Lorraine's Pills, we have sold all we had last. They have given very good satisfaction, better than any other pills which we have in our market. I think in a short time they will take the place of others. We have had no fault found with them whatever; but, on the contrary, they have been praised loudly. I think we could have quite a number of highly respectable certificates from our citizens.
Yours respectfully,
E. MASON.

Chelsea, Jan. 3d, 1844.
Sir: I transmit to you an account of my case for publication, believing it to be my duty. I have been confined with the Rheumatism nearly the whole winter, have had some of the best physicians of Boston and could get nothing that would relieve me more than temporarily. I heard of the wonderful virtue of Lorraine's Pills, I had no faith whatever, but I took them, and it is a solemn fact that when I had taken but eight pills my Rheumatism had entirely left me, and I have remained well ever since.
N. B. I never took more than one pill at a time and that on going to bed.
Yours respectfully,
W. M. HALSTAL.

OPINION OF A SKILLFUL PHYSICIAN.
Sir, the operation of Lorraine's Pills is past any philosophy to find out, how so small a Pill can produce such wonderful effects. I find that one of them will operate more than 3 or 4 of any other Pill, yet in their operation, mild, gentle and comforting. On this account, they are more than 100 per cent, cheaper, as physic, than any other Medicine I know of.
These Pills are now acknowledged by thousands who take them daily, to be the only medicine that fairly takes the BANNER from all others. This extraordinary medicine has actually done WONDERS within one year past. They cause no pain or uneasiness of any kind in their operation, and require neither change of diet or care of any kind.
The attention of the reader is respectfully called to the important results from the use of these Pills. It will be seen, however great achievements have heretofore been made by the use of this invaluable medicine, still greater and more remarkable cures daily happen.

Bogle's Hyperion Fluid; Or Vegetable Hair Composition.

THE subscriber has been induced to bring this article before the public, at the request of his numerous customers, among whom are physicians and citizens of the first respectability, who have adopted its use in their families, and wish others to participate in its advantages.
The Hyperion is composed of vegetable ingredients, the secret of compounding and blending which is known solely to the subscriber. It is an article in which a cleansing and purifying wash is beautifully blended with a most delicate, silky and glossy moisture never before attained, yet free of animal grease or essential oils. It clears the pores of the skin, causes a healthy action in the blood vessels, nerves, &c., which feed the hair, thereby preventing BALDNESS AND GREY HAIR.

It entirely frees the skin from Scurf, Dandruff, and other cutaneous diseases, disposes the hair to curl, and changes the hardest hair into the most soft, glossy, and healthy state, also imparts to it a darker color, and the free use of it, both on the skin and hair, in a most healthy and luxuriant state until the latest period of life.
Ladies will find the Hyperion a great addition to the toilet, both on account of its delicate and agreeable perfume, and the great facilities it affords in dressing the hair, which, when moist with the fluid, can be dressed in any required form, so as to preserve its place, whether plain or in curls.
When used on children's heads, it lays the foundation of a good head of hair.

Manufactured and for sale by WM. BOGLE, 228 Washington, corner of Summer street, Boston. Sold in Newport by R. J. TAYLOR.

A Treatise on the Anatomy and Physiology of the Hair, with directions for preventing baldness, removing dandruff, and preserving the natural beauty and softness of the hair, by WM. BOGLE, accompanies each bottle.

DR. BANNING'S PATENT LACE!

An immediate Relief to Incipient Consumption, the Bronchitis of Public Speakers, Palpitation of the heart, Dyspepsia, Spinal Weakness, Piles, Protrusions, and Diseases of Women, without Medicines.

THIS instrument has been examined by Drs. Mott, Rodgers, Francis, and Griscom of New York, the Faculty of Pittsburgh, Hartford, New Haven and Middletown, and has obtained for itself their favorable testimony. The following will show what kind of testimony might be produced in many cases:

Middletown, June, 25th, 1843.

Dr. Boardman,
Sir—In answer to your inquiry respecting my case, I will merely say, that I have been sick since I strained my breast and loins in May, 1836, from that time continued to grow worse, when in the fall of '39, I abandoned business, and have not done any thing since. I suppose from all I could learn about my case—frequently raising blood, coughing very hard and expectorating profusely, deriving no benefit from my physicians, and all medicines recommended to me, that my case was hopeless. Last winter my brother told me he had heard a good account of Dr. Banning's Lace in such cases, and was anxious that I should try it; accordingly I procured one from you, and since I began to wear it, my breathing, which was very short and laborious, has become easy and natural; the pain and fluttering or palpitation of the heart has subsided; cough and expectoration greatly lessened, my limbs which were exceedingly painful have become useful, so that I can walk comfortably. I am able to shave myself with comfort, which for many years I have not been able to do. The pills, which have troubled me for nine years, are nearly eradicated. I work some in the garden, and am able to ride 4 miles at once with pleasure and benefit.
Yours, &c. WM. RANNEY.

Dr. G. M. Boardman,
Middletown, June 25, 1843.

Dr. Boardman,
Dear Sir—In answer to your inquiries respecting the effect of Dr. Banning's Lace in the case of my wife, I will state that for twenty years past, she has been afflicted with a complication of complaints to which females are subject. She has tried all the physicians and all the medicines recommended for such complaints, without regard to expense, and found only temporary relief. Her most distressing complaints, palpitation of the heart, oppression and a sense of great weight at the pit of the stomach, prolapsus of the womb, &c., were believed after wearing the lace two hours, and she has continued to improve daily. With this view of the case I cannot use language strong enough to convey my approval of the instrument.

STEPHEN BROOKS, JR.,
PROVIDENCE, Feb. 26, 1846.

Doctor Boardman, Dear Sir—I now take my pen to inform you that my wife's health has improved very fast for the last two weeks from wearing one of your Laces. She has been out of health about two years and has worn a different Supporter from yours, which had only two pads. She received some benefit from that—but it would not produce a cure. But now I can say with pleasure that she is as smart as any of the young girls in the neighborhood. She can now run up and down stairs as fast as I can, and I feel so well pleased with it that I hardly know how or what to write. But one thing I do now, that she has been under the care of seven Doctors in one year—and wearing your Lace two weeks has or will do the cure in a very short time. I want to write more, but I have no time. I am truly, your friend and well wisher,
J. . .

Doctor Boardman, proprietor of Banning's celebrated Patent Body Brace, for this state, has taken rooms at No. 8, Broad street, where he may be consulted, free of charge. THIS very valuable triple combination of Salve, Pain Extractor and Strengthening Plaster, all combined in one, is indeed an object of great importance to the medical world. If the human system has become weakened, from CONSUMPTION, SCROFULOUS DISEASES, RHEUMATISM, LUMBAGO, GOUT, PARALYSIS, AFFECTIONS OF THE LIVER, LUNGS OR KIDNEYS, PALPITATION OF THE HEART, SPASMS, PAIN IN THE BACK, SIDE OR STOMACH, OLD ULCERATED SORES, BRUISES, SCALDS, INFLAMMATION OF THE EYES, THROAT OR TONSILS, BITES OF DOGS, FROST BITTEN LIMBS, CROUP, INFLAMMATION OR AGUE IN THE BREAST, COUGH ARISING FROM IRRITATION OF THROAT OR LUNGS, or in fact any diseases which the human frame may be afflicted with, this very valuable remedy never fails in curing.

As a Salve, it cures the worst Wounds, Sores, Piles and Phlegmatic affections, Dolens or Milk Leg, Lacerations of Joints, Bites of poisonous animals, Burns, &c.

As a Pain Extractor, persons who have suffered the most excruciating pains from Rheumatism, Lumbago, Gout, St. Anthony's Fire, King's Evil, &c., have speedily, by one application of this valuable Pain Extractor, been relieved from all suffering, and in a few days been soundly restored to health.

As a Strengthening Plaster, individuals who have laid upon a bed of sickness and suffering for months—who have become so weakened and wearied of life that death would be a blessing, have by the means of this Salve spread as a plaster and applied according to directions to the parts affected, been strengthened and restored back to life—blessing the Salve as the only remedy by the grace of Providence by which they were saved.

Reader, are you afflicted with any of the above diseases—Have you tried other remedies without effect—Have you been pronounced incurable—if so, try this Salve—if nature can furnish means to cure you, you will be cured by the use of COON'S German Salve and Vegetable Pain Extractor.

Extract of a letter from Hon. Harman Knickerbocker, Esq., late first Judge of Rensselaer County, N. Y., &c., &c., Schaghticoke, N. Y.

I was myself attacked with a severe pain in my ankle and leg, and swelling ensued to an enormous extent, my physician could not relieve me, after suffering severely a number of days and an increase of pain and suffering I was considered dangerous; at this crisis my miller prevailed upon me to try a plaster of this salve which I did, and in half an hour I became easy and rested well. I continued this application and in a few days I was well. It cannot but prove a blessing to mankind, if they can be furnished with it.

IT is now about ten years since this medicine has been introduced to the public, and it stands unrivalled in its effects, bearing the test of the severe scrutiny of all classes, both friendly and unfriendly. It is but for one purpose—for the use of Mothers who have to pass through a sea of affliction in giving birth to mankind, not to be described. It is to you we make an appeal. It is for your especial and general good that you should make use of one bottle of the MOTHER'S RELIEF before confinement. Then you can approach the parturient chamber without feeling as if you were going to the chamber of death. You may rest assured it will still all fertile and nervous affection. It soothes and shields from irritation and by its peculiar properties it destroys the cause of hemorrhage or inflammation that so often attend and follow the hour of parturition. It causes sweet and natural rest, and at last facilitates the birth, so that Mothers have not to pass through such excruciating pain and distress. The Mother's Relief may be depended upon in all cases of threatening abortion where it is possible to be prevented in cases of Spasms, &c., causing frequent alarm, from two to three doses will give immediate relief.

As the subject is one that cannot with propriety be fully discussed in this public manner, we invite all who feel interested to call on our agents (most of the respectable Druggists in the United States,) or on the manufacturer, and they will be furnished with a pamphlet in which they will find all the facts to form a correct opinion of its merits, and also the opinions of many physicians of eminence, and of persons who have become acquainted with its beneficial effects.

CAUTION TO PURCHASERS.—Ask for BARNUM'S Mother's Relief. None is genuine unless our signatures are found within the wreath of the direction that is pasted on the bottle, signed with our own hand, and over the neck of the bottle is a facsimile of our own hand writing also. By attending to the above directions, no one need be imposed upon. All orders will be promptly attended to.

READER! READER!

If you are afflicted with Bronchitis, Asthma, Obstruction of common Coughs and Colds, Spitting of Blood, Bleeding of the Lungs, Whooping cough, croup, difficulty of breathing, sore throat, hoarseness, first stages of consumption, and all other Pulmonary or Lung Complaints, try

DOCT. EMANUEL'S BALSAMIC LUNG AND COUGH JELLY.

THE materials of this Jelly are purely vegetable and balsamic, and are the invention of an eminent physician, from whom the proprietor has purchased the recipe. It is certainly worth its weight in gold, but is put at a price to be within the reach of rich and poor.

Names and residences of persons residing in the city of New York, who have been cured or benefited by Dr. Emanuel's Balsamic Cough and Lung Jelly, when it was prepared in another form:

Mr. Hiram Anania, 113 William-st., N. Y., had for some time, a dreadful pain in his side and chest, with a hacking cough, and shortness or difficulty of breath. He used part of a bottle of Dr. Emanuel's Balsamic Lung and Cough Jelly, which perfectly cured him.

Mrs. Morgan, Front-st., Brooklyn, had a very obstinate cough and cold. She tried every other remedy in vain, and Dr. Emanuel's Balsamic Lung and Cough Jelly entirely cured her.

Reader, reader, let the glad voices and grateful hearts of these respectable citizens of New York, appeal to your hearts and understandings, if you are afflicted with any pulmonary complaint, cough, cold, &c.

Mr. L. W. Conklin, 102 Eldridge-st.
Mr. Alonzo Brown, 72 Reade-st.
Mrs. Morgan, 162 Front-st., Brooklyn.
Orange county, April 19th, 1846.

Dr. EMANUEL.
Dear Sir:—You may perhaps think my statement almost incredible. My reason for fearing so is the fact of your never recommending your Jelly for the cure of confirmed consumption, but only in its primary or first stages. I have every reason to believe that I was in its last stage; my physician told me so; my friends told me so; as well did my symptoms, for they were truly alarming; and I felt fully convinced, that unless relief was obtained, I must soon be consigned to the narrow confines of the silent grave. But by the timely use of your remedy, I still live, and again enjoy my former good health. I had, indeed, dear sir, all the alarming symptoms you speak of as forming consumption in its worst stage; but by the use of your Jelly, I again say, I am cured.

Yours, dear sir, with great sincerity,
ISAAC J. BEED.

And now, reader, having given you a plain statement, let me conjure you to pause, ere it is too late; try this Balsamic Lung Jelly—try it. I have put its price to you as low as I can afford; if you use it, and succeed in curing yourself, I shall have the gratification of having rescued another from consumption; and I hope, in return, that you will not withhold from me your name, and a statement of your cure.

Dr. Emanuel's Balsamic Lung and Cough Jelly, is sold by the Agent, R. J. TAYLOR.
Price fifty cents a bottle, or larger sizes one dollar.

MY EAU LUSTRAL HAIR RESTORATIVE.

This universally approved and admired article, free from ardent spirits, pungent essential oils, and other destructive materials, cleans the hair expeditiously, renders it beautifully bright, and imparts to it the delicate fragrance of the flowers. Hair washed with this Extract soon becomes pleasingly soft and luxuriant in its growth, and it will positively bring in new hair on bald heads by its use; and hair that has been made harsh, and is turning gray or falling out, by the use of spirit or other improper preparations, will soon be restored to its natural color and brilliancy, by a few applications of the Eau Lustral.

It is a preservative against baldness, and an infallible cure in all affections of the skin on the head, as dandruff, and for preventing the falling off of the hair and turning gray.

Evidence.—Nature is an inexhaustible mine, in which experience and study will always find room to excavate; it is that source alone which produces all that man calls invention, and which he would do better, perhaps, to name adaptation.

Coggeshall & Bliss' Patent Cooking Range.

THE subscribers have just taken out letters patent for a new and beautiful cooking Range, to which they invite the attention of the public.

This Range may be set in the ordinary fire place; and by a simple, though efficient apparatus, the throat of the chimney may in an instant of time, be opened or closed, so that the heat in summer and the fumes from cooking at all times may escape through the chimney.

Wood or coal may be used, and the evil of smoking chimneys is completely remedied by its introduction.

This Range is so constructed that it takes up but a small space, and yet it contains all the qualities of those which take up double the amount; and it being constructed as it is, the Boilers are brought in close proximity with the fire, and it consequently boils much sooner, and with a smaller amount of fuel, than the old fashioned Range, or cook stoves. It contains five boilers, four of which may be converted into two, by taking out a cross pier, and thus will admit of two large boilers at the same time. It also contains and Oven 12 inches wide by 21 deep, which cannot be surpassed for baking.

The subscribers have one of their Ranges in operation at their store, where the public are invited to call and examine it, and if they will, they must at once discover its utility. They also keep constantly on hand all kinds of Parlor, Office, and Cook Stoves, Tin Ware, &c., &c.
